EDUCATION

Lovely Professional University 2022 – 2026
B.Tech, Computer Science and Engineering | CGPA: 7.13/10

Primus Public School 2021
Intermediate (CBSE) | 75%

Primus Public School 2019
Matriculation (CBSE) | 80%

TECHNICAL SKILLS

Frontend: HTML, CSS, Angular, React, Bootstrap

Backend: Node.js, Express.js, Django

Languages: C, C++, Java, JavaScript, Python

PROJECTS

Food Ordering Web App

React.js, Node.js, Express.js, MongoDB, Stripe, JWT, Bcrypt

- Implemented authentication using JWT and password hashing with Bcrypt.
- Integrated Stripe for online payment processing.
- Built cart management, order placement, and product filtering features.
- Developed RESTful APIs with role-based permissions and input validation.

Activity Registration Web App

Python, Django, HTML, CSS

- Built a Django web app that lets users browse activities and register for them.
- Organized the application using Django models, forms, views, URL routing, and the admin panel.

Portfolio Website Sep 2024 – Nov 2024

React.js, Tailwind CSS, Bootstrap

- Built a personal portfolio site to showcase skills and projects.
- Created a responsive layout using modern UI components and Tailwind CSS.

CERTIFICATIONS

- Cloud Computing — NPTEL (March 2025)
- C and C++ Programming — Board Infinity (June 2024)
- Server-side JavaScript with Node.js — Coursera (April 2024)
